Good Morning Mr. Kaufman,

The Community Development Department can only research property owner information by using the Los Angeles County data base. While we understand that over the years, various commercial spaces are divided and assign themselves addresses, neither our department nor county records that we can access contain the property addresses requested. These records only show 117 and 145 Pier Avenue which bracket the address range requested. You may wish to investigate these records more in depth with the County Recorder's Office.

Our Business License division is researching their files pursuant to your request. As that division will work with the addresses provided by the applicant for a license, they may find more information.

This completes the Community Development Departments response to your request.

Regards,

Bob Rollins

Hello Bob/Jim,

Can you please review the request and advise if you will be able to produce responsive records.

Thank you very much,

Records Request
